

MAJOR COMPONENTS

(Information you need to operate this motorcycle)

WARNING

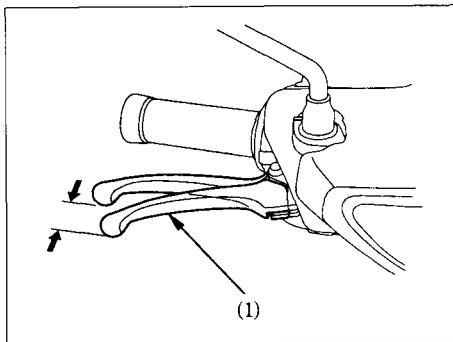

If the Pre-ride Inspection (page 31) is not performed, severe personal injury or vehicle damage may result.

Brakes

Front Brake

Brakes are items of personal safety and should always be maintained in proper adjustment. The distance the front brake lever (1) moves before the brake starts to engage is called free play.

Measured at the tip of the front brake lever, free play should be maintained at:
10-20 mm (0.4-0.8 in)

(1) Front brake lever
