

Brake pad wear will depend upon the severity of usage, type of riding and condition of the roads. The pads will wear faster on dirty and wet roads. Inspect the pads visually during all regular service intervals to determine the pad wear. If either pad wears to the groove (1), both pads must be replaced as a set.

(1) Groove

NOTE:

* Use only genuine Honda replacement friction pads offered by authorized Honda dealers. When brake service is necessary consult your Honda dealer.

⚠ WARNING

* Failure to provide adequate disc to caliper holder clearance may damage the brake discs and impair braking efficiency.
