

## MAINTENANCE

### ■ MAINTENANCE SCHEDULE

The month and mileage intervals shown in the service schedule are intended as a guide for establishing regular maintenance and lubrication periods for your HONDA CB750. Perform maintenance service according to the indicated intervals of months or miles whichever occurs first. For each service operation make reference to the respective page indicated in this MAINTENANCE SCHEDULE. Sustained severe or high speed operation under adverse conditions may necessitate more

frequent servicing. To determine specific recommendations for conditions under which you use your motorcycle, consult your authorized HONDA Dealer. Especially when your HONDA CB750 has been turned over or involved in a collision, have your HONDA dealer carefully inspected the major components, eg. frame, suspension and steering parts, for misalignment or damage to insure further safe operation.
