

For Your Own Safety

Riding Tips

- Keep both hands on the handlebars and both feet on the footpegs at all times whilst in motion.
- The pillion passenger should place both feet on the rear footpegs and use both hands to stay in position. It is the rider's responsibility to check that the passenger is positioned correctly.
- Do not jerk the handlebars or attempt to ride with only one hand. This safety rule applies to any two-wheeled vehicle.
