

Bluetooth® Audio Device

To pair a Bluetooth® audio device

- 1 Select the audio mode 1 or 3 using the **MODE** button. **➡ P.50**
 - ▶ The beep signal cannot be heard when the mode 2 or 4 is chosen.
- 2 Press and hold the **MODE** and **VOLUME** ▽ (down) buttons. The Bluetooth® device status icon (Bluetooth® mark and left arrow) starts blinking and the short beep begins to sound. The motorcycle is in pairing mode.
- 3 Select "Honda Motorcycle Audio" on an audio device according to its manual. Registration is completed, blink of the icon will stop and the long beep (1 second) will sound.
 - ▶ If an audio device cannot be registered, the short beep sounds three times and the display returns to the ordinary display.

To end the pairing mode on the way, press and hold the **MODE** and **VOLUME** ▽ (down) buttons.

After pairing, when the audio mode 1 or 2 is selected with the registered audio device in connectable state, the audio device will be connected automatically.

Presence of a Bluetooth® device in the vicinity sometimes affects the pairing. Some Bluetooth® audio devices may not be compatible.

In the following cases, registration will be canceled.

- An another audio device is registered.
- The audio system is reset. **➡ P.54**
