

CARBURETOR INSTALLATION

Carburetor installation is essentially the reverse of removal.

NOTE

After installing the carburetor, perform the following adjustments:

Throttle lever free play (Page 3–7).

Carburetor pilot screw adjustment (Page 4–11) if the carburetor was overhauled.

THROTTLE VALVE ASSEMBLY

Install the needle clip on the jet needle.

STANDARD SETTING: 3rd groove

Install the jet needle into the throttle valve and secure it with the needle clip retainer. Install the throttle cable and spring into the throttle valve.

Install the throttle valve into the carburetor body aligning the groove on the valve with the pin in the carburetor.
