

Owner's Manual Storage

Your motorcycle provides storage for the owner's manual so you'll have it with you for easy reference. Store your owner's manual (and other documents) in the plastic storage bag (1) in the owner's manual storage compartment (2) on the under side of the rear seat (page 94).

Be careful not to flood this area when washing your motorcycle.

REAR SEAT UNDER SIDE

- (1) storage bag
- (2) owner's manual storage compartment
