

- Emission Control System Warranty
- Noise Control Warranty

Your new Honda is covered by certain warranties as described in the Honda Motorcycle Warranties Booklet that was provided to you by your Honda dealer.

Please read this booklet and be aware of the responsibilities, restrictions, and exclusions which apply.

Please also keep your Honda owner's card with your Warranties Booklet.

It is important to realize that your warranty for your Honda applies to defects in material or factory workmanship. Your warranty coverage does not apply to normal wear or deterioration associated with using the motorcycle.

Your warranty coverage will not be voided if you choose to perform your own maintenance. However, you should have the proper tools and service information and be mechanically qualified. Failures that occur due directly to improper maintenance or lack of maintenance are not covered.
