

Maintenance schedule

Maintenance level

 : Intermediate.

We recommend that the service be performed by your dealer, unless you have the necessary tools and technical capacities. The procedures are included in an official Montesa Shop

Manual.

 : Technical.

In the interest of safety, have your motorcycle serviced by your dealer.

Maintenance legend

I : Inspect (clean, adjust, lubricate or replace, if necessary)

R : Replace

C : Clean

Notes:

- *1 : At higher odometer readings, repeat the maintenance work at the frequency intervals established here.
- *2 : Service more frequently when riding in wet or dusty areas.
- *3 : Service more frequently when riding in rain or with the throttle fully open.
- *4 : Perform maintenance more frequently when riding off-road.
- *5 : Replacement requires mechanical knowledge.
