

# Side Nets

## Side Nets Folding in Half

The side nets can be folded in half to make cleaning and maintaining your Honda SXS a little easier.

All side nets can be folded in the same manner.

### To Fold the Side Net

1. Release the side net buckle.
2. Fold the side net in half towards outside of the vehicle.
3. Grab the hook and secure the side net by hooking on to the net outer profile.

### To Spread the Side Net

1. Unhook the hook from side net and spread the side net.
2. Fasten the side net buckle.

Always return the side nets to their normal positions, properly fastened, and tightened before driving.

**LEFT FRONT SIDE** (right front side, left and right rear sides similar)
